OFFICE OF LEGISLATIVE COUNSEL

Friday - 12 October 1962

25X1

1. [REDACTED] General Carter, accompanied by John S. Warner and Mr. Sheldon, met with Senator Leverett Saltonstall. See Memorandum for the Record.

25X1

2. [REDACTED] Glen Wilson, Senate Space Committee staff, called to say the Chairman has received a report from [REDACTED]

25X1

[REDACTED] dated 27 September 1962, indicating that the Soviets are now engaged in a "crash space warfare program." Wilson was interested in any comment we might want to make on this. After checking with

25X1

[REDACTED] OSI, I advised Wilson that [REDACTED] was well known to us as a fabricator of reports and added we had no information to substantiate his statement. However, I asked Wilson to send us [REDACTED] report in order that we might look at it further.

3. [REDACTED] Mr. McAfee, Coordination Staff of State Department, called regarding a constituent letter which Senator Wiley referred to State for reply. McAfee gave me the text of the constituent letter and State's proposed reply; the substance of which was that the Department saw no reason to deny to one of their staunchest allies equipment to be used for the collection of information concerning an enemy which threatened its existence. I advised McAfee we would have no objection to such a reply.
